 12/03/2021

HOD's SIGNATURE

NAME:.....

MAT. No:.....

INSTRUCTIONS: Attempt any three (3) questions in all

1. (i) Discuss the History of environmental Law in Nigeria.
(ii) The global call of 1972 was not embraced by developing nations. Discuss (20 marks)
2. Write short notes on various sources of Environmental laws in Nigerian (20 marks)
3. Over the years, the functions of Environmental agencies in Nigeria were streamlined into the structures of the Federal Ministry of Environment (FME), which is the policy-making body for environmental matters in Nigeria. However, it became apparent that there was a need to provide more stringent controls to address the environmental challenges of our country, as an environmental expert working in FME suggest the various types of environmental standards that could be put in place to monitor the release of pollutants in the environment in Nigeria. What are the benefits of these environmental standards?
(20 marks)
4. A law on plastic waste will soon come into force in Nigeria. The new legislation was recently approved by the Federal Executive Council (FEC). Initiated by the Nigerian Federal Ministry of Environment, this national policy aims at improving plastic waste management in the Nigeria as the most populous country on the African continent. With your knowledge of Environmental law briefly suggest various enforcement strategies that could be put in place to reduce the negative impacts of plastic pollution in Nigeria.
(20 marks)
5. Comparative analyses of environmental laws in developed countries and the developing countries may be challenging. Briefly compare National Water Policy in Nigeria with that of Water Act in United Kingdom.
(20 marks)
